

ABOUT US

VisionQuest is a comprehensive youth services organization that adheres to the highest professional standards in providing innovative intervention services to at-risk youth and families.

VisionQuest National, Ltd. (VisionQuest) was founded in 1973 in Tucson Arizona as an alternative for youth in the juvenile justice system. Instead of shutting young people away in locked institutions at a highly impressionable time in their lives, VisionQuest envisioned providing youth with a healthy environment surrounded by positive role models, common sense, direction, and opportunities for growth and success. In the past 45 years, VisionQuest has served over 100,000 youth. Today, the organization continues to pursue this vision in ever broadening and deepening ways through a range of community-based and residential programs located across the United States.

VisionQuest operates in Pennsylvania, Arizona, Texas, Florida, Maryland and Delaware. VisionQuest currently holds eleven good standing licenses to operate Residential Programming for the following populations: Child Welfare, Juvenile Delinquency, Commercially Sexually Exploited Children (CSEC), Sexually Reactive Males and Unaccompanied Minors. VisionQuest also offers Community Based Programs, Mental Health Services, Substance Abuse Services, Family Based Services and Evidence Based Services throughout the country.
